

Magnétisme_exercices

1. Complète les dessins avec des flèches qui montrent si les aimants s'attirent ou se repoussent

2. Complète les dessins en rajoutant les pôles Nord (N) et Sud (S) qui manquent.

3. Colorie en rouge le pôle Nord de l'aimant. Dessine les aiguilles des 3 boussoles qui manquent et colorie-les.
